Good afternoon Mr. Shafique Malik,

Thank you for allowing FPO Huang and I to complete the measurements of each gathering room within your building this morning.

Markham Fire and Emergency Services would like to thank you and your organization for the co-operation in the joint effort to create a fire safe building for your congregation to gather. The joint effort is used as an example to other organizations within the City of Markham as to what can be achieve when working together. I look forward to completing this process in the very near future knowing that fire safety is a top priority for you and your organization.

I wish you and your organization well with fire safety.

Derek Emmerson

Fire Prevention Officer

Markham Fire and Emergency Services.
